

Brain Support[†]

Nutritional Support for
Neurologic Function[†]

Brain Support Supplementation

The Brain Support formula provides comprehensive support for neurological health and cognitive function.[†] It uses clinically proven and patented bioactive plant extract ingredients that provide potent sources of gallates, curcuminoids, and proanthocyanidins to support the brain and central nervous system.[†]

The ingredients in Brain Support are congruous with what research suggests to be effective and safe, particularly for supporting neurological health and promoting cognitive function.[†]

Clinical evidence and research cited herein show that the ingredients in Brain Support may:

- Support neurological health[†]
- Promote cognitive function[†]
- Support powerful antioxidant actions[†]
- Support healthy blood and oxygen flow to the brain[†]

How Brain Support Works

The Brain Support formula includes epigallocatechin gallate (EGCG), or green tea extract, which is known for its benefits in promoting brain health.[†] EGCG is rich in catechins and promotes healthy stress response by supporting healthy blood vessels and promoting blood flow to the brain.^{†1,2,3} Human clinical studies demonstrate how EGCG may support a healthy brain.^{†4,5}

A new turmeric extract formulation is used in Brain Support as BCM-95[®] Curcugreen[®] for its enhanced bioavailability and bio-efficacy from 100 percent pure extract.^{†6,7} Clinical studies have demonstrated BCM-95[®] Curcugreen's[®] ability to promote cognitive function.^{†8,9} The studies reveal how the increased bioavailability produces higher levels of curcuminoids, promoting healthy inflammatory markers more than other forms of turmeric extract.^{†8,9} This healthy stress response promotes healthy cognitive function.[†]

The Brain Support formula contains Sibelius[™]: Sage, a clinically validated dried sage extract designed to promote cognitive function.[†] Sage has long been used for its ability to support cognition by promoting the formation of primary, secondary, and working memories.^{†10,11,12} Sibelius[™]: Sage supports neurological health and cognitive function by promoting healthy levels of neurotransmitters throughout the central nervous system.^{†13}

How Brain Support Works Continued

Other additions to the formula include resveratrol and Chinese skullcap extract. Resveratrol is a potent antioxidant, with clinical studies showing how it promotes healthy cognitive function by supporting and promoting a healthy brain.^{♦14,15,16} Clinical studies show that the bioactive compounds in Chinese skullcap extract also provide powerful antioxidant properties by neutralizing free radicals that may be detrimental to the brain.^{♦17,18,19,20}

Supplement Facts

Serving Size: 4 Capsules
Servings Per Container: 30

	Amount Per Serving	%DV
Turmeric Extract (rhizome; <i>Curcuma longa</i>) (BCM-95 [®] CURCUGREEN [®])	500 mg	*
Resveratrol (root; <i>Polygonum cuspidatum</i>)	500 mg	*
Chinese Skullcap Extract (root; <i>Scutellaria baicalensis</i>)	450 mg	*
EGCG (epigallocatechin-3-gallate) (from green tea extract; leaf; <i>Camellia sinensis</i>)	400 mg	*
Sage Extract (leaf; <i>Salvia officinalis</i>) (Sibelius [™] ; sage)	333 mg	*

Other Ingredients: Hypromellose, vegetable magnesium stearate, silica.

BCM-95[®] is a registered exclusive licensed trademark to Arjuna Natural Pvt. Ltd.

Curcugreen[®] is a registered trademark of Arjuna Natural LLC.

Sibelius[™] is a trademark of Sibelius Limited and used under license.

Directions: Adults take four capsules daily as a dietary supplement or as directed by your healthcare practitioner.

Caution: If you are pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Keep out of reach of children.
